

Fees for Establishing a Trading Trust with Corporate Trustee

Many factors need to be taken into consideration when establishing a business, including who will be involved and what the business will do. If you have already received advice and would like to establish a trading trust with a corporate trustee, this is what we do, and our fees.

Steps –

1. **Company setup** – We send you a questionnaire to complete and return. If you have any questions, please let us know. Once we have checked through the questionnaire, we register your company using ecompanies. If you feel confident registering a company yourself, you can do so directly through www.ecompanies.com.au. We will forward all of your company documentation to you electronically.

Company Registration Fee using eCompanies: \$507 incl GST

Our Fee: \$330 incl GST

Total: \$837 incl GST

2. **Trust setup** – Standard unit trust or discretionary trust deed. We will forward the trust deed to you electronically together with instructions for signing the trust deed, and if necessary in your state, instructions for having your trust deed assessed for stamp duty.

Our Fee: \$330 incl GST

Total fees for Company and Trust setup: \$1167 incl GST

3. **Registering for an ABN, TFN, GST etc.** – You can complete the application process online for free through www.abr.gov.au. If you have any difficulty in the process, or would like assistance in that process, we can assist you. Again, we will send you a questionnaire to complete.

Our Fee: \$330 incl GST

Total fees for Company and Trust setup and tax office registration: \$1497 incl GST

Liability Limited by a scheme approved under Professional Standards Legislation
